## THE COOLEST BAG

JU-JU-BE PACKABE,  
\$118

Packing all that baby stuff doesn't mean you have to leave your fashion sense behind. Take this boldly patterned number, with a light-color lining, picture flap and three-way handle. Pack it up—in this or one of 12 colors and patterns—and strap it on, and no one will guess that diapers and baby wipes are packed inside.

**tip** When you head out for a day of fun and play with your newborn, slip your baby book into the bag so you can record precious moments ASAP.
